We are selling real estate in a new project in a very attractive location in the immediate vicinity of the sea and well-kept beaches. I would like to know about the complex with common rooms and reception, within which 4 smaller residential buildings are being built, each with 4 luxury apartments, two on the ground floor and one apartment each on the 1st and 2nd floors, and 21 villas that also have shared facilities such as swimming pool, wellness & spa, fitness, children's playground, wine bar and restaurant. In the complex, maintenance of all common areas will be planned and organized, and the complex is secured by 24-hour surveillance. Building D, flat 4, 2nd floor, consists of 115.56 m2 with an outdoor terrace (33.31m2). The apartment consists of an entrance hall, two bedrooms, a bathroom and an open space with a living room, dining room and kitchen. The apartment has 2 parking spaces in the property.

We are available for additional information and questions.
